

**Duxbury Cemetery Commission Meeting
January 19, 2017**

Present: Wayne Langlais, Gloria Rapalee (by phone), Erin Campos

Phillips Cemetery

The Perry site will have a new marker in the Spring. Wayne spoke with Myra and Chris Palermo. Chris is going to talk to Myra about corner stones and in the Spring she will have the stone worker install the new stone marker/wall.

Wayne will also talk to the Stone installer to get more information about righting the tipped stones.

Donations of Clay

Wayne will call Scott Amell and discuss the clay in the spring. We had anticipated that local coaches would want some clay for the pitchers mounds in the spring but haven't had any further requests.

Financial Report

Gloria gave the balance of the checking account. \$ 3,342.91

Leo Corbeil has been paid the balance of the 2016 maintenance contract. His contract is for two years so he will be continuing the service for 2017. For 2018 we will add to the amount requested from the town anticipating the increase in the cost of the maintenance service.

Perpetual Care Account

Gloria presented the information for a new CD account for the perpetual care funds.

VT Community Home Fund CD-like Account for 1 or 2 years. It has a slightly higher interest rate than the current Merchant's account and it is a community investment fund. Gloria and one other member of the commission will be the signers of the new account.

The Cemetery Commission report has been submitted to the town clerk for inclusion in the 2017 Town Meeting booklet. We have included a thank you to Lois Haslam with a photo of the Daffodils planted at the Landon-Hayden cemetery.

We will schedule the next meeting for some time in March.

Respectfully submitted Wayne Langlais
